No. 393 / 199 A 5 — 1892

FROM

THE ASSISTANT TO THE RESIDENT IN MYSORE.

TO

The Dewan of Mysore

Dated Bangalore, 6th February 1892.

SIR,

I am directed to acknowledge the receipt of your letters Nos 8596/327 and 8697/33A dated 7th and 11th November 1891 respectively (with enclosures) regarding the adjustment of the bills for the proportionate cost of the excise establishment for the years 1889-90 and 1890-91 payable from the revenues of the Civil and Military Station of Bangalore.

2 I am to refer you to this office letter No. 3229/199.5 dated 4th December 1886, in which the basis of the percentage of the cost of the distillery establishment to be borne by the revenues of the Civil and Military Station was fixed as 33 per cent of the cost of establishment

and contingencies, and 54 per cent of the testers salary, to be settled every three years, and again to this office letter No. 3833/199A.5 dated 11th November 1889, in which it was pointed out to you the inconvenience resulting in an increase in the distillery establishment by additional appointments, and increase in pay to members of the establishment being made without sufficient notice to this office and you were asked that a reference might be made to this office in future before any such action was taken

3 I am now to observe that in the bills submitted with your letter under reference, considerable increase appears to have been made in the staff and establishment. for instance the Special Assistant Commissioners pay has been increased by about Rupees 200/- a month, and the distillery staff by about Rupees 159/- a month. This probably may be due to the Special Assistant Commissioner being away in a greater portion of the year on tour in the districts, while the increase to the staff of the distillery may be due

due to the numerous consignments that have
to be sent out from the single distillery
in Bangalore — increased expenditure
a proportion of which would scarcely
be legitimately debitable to the revenues
of the Civil and Military Station

4 The period of three years
fixed in this office letter No. 3229/1995 dated
11th December 1886 would expire with the
year 1889-90, and the bill for the next three
years from 1890-91 should be prepared
under previous arrangements with this office.

5 As regards the bills for 1889-90,
I am to say that they should be prepared
according to the proportion of the cost of
the establishment as approved in the
year 1887 as follows

Special Assistant Commr — 360 per
Distillery Establishments — 683-
Preventive establishments
for Town & Civil & Military Station } 398-
Contingencies 480-

I am again to point out
to you that the sudden increase has not
been

been provided for in the budget of the Land and Military Station, and that any increase to the particular budget head would now have to be referred for the sanction of an extra grant by the Government of India, and any such application at this period of the year is both inconvenient and inadvisable

7 I am therefore to return the enclosures of your letters, and to ask that the bill for 1889-90 may be resubmitted on the lines pointed out in this letter, and that a reference may be made to this office, regarding the proportion to be adopted for the three years from 1890-91

I have the honor to be
Sir
Your most obedient Servant

To The Supt of the Western Division

I am directed to acknowledge receipt of your letter No 393/99.A5 dated 6th ultimo regarding the proportionate cost of excise establishments & have been by the Accountant Genl & in reply to state as follows

2 It was on Capt Newmarch's letter of the 4th Inst of the Exigencies of Service requiring the Division there requested in future to make a reference to the Residents Spec Depn the Distilling Establishment was actually increased This request was based on

X No 3833/99 A5

I am to submit that the scale of establishments with effect from the bill under reference for 1889-90 stands to be prepared has been in force from 5 to 7 months before that date of Govt to express the opinion that this scale was not intimated to you officially after the receipt of Capt Newmarch's letter

3 The scale of establishment given at para 5 of your letter under reply as the basis which should be adopted has at no time existed as a sanctioned scale. It is the scale which, after map mounting Comm of Bengalore proposed in his letter No 959 dated 14th March 1888 a copy of which was sent to the Resident with the Revenue

ler no 324 dated
ult 1888 in the Case of the

this latter Scheme was

adopted the scale wh
is printed in the Pro. Cfs
of the Govt of Mysore Camp
No 1152 Dated 24 March 1890
Copy of which I annex
for Reference This
Scale (as observed in
Paras 12 thereof) Came
into force partly on 1st
April & partly on 1st
June 1889 & has already

stated forms the basis
of the bill under objection
4 ~~The statement~~
The items appearing
in this scale compare
as follows with the
scale suggested by
Major Macauliffe
and adopted in your
letter under reply

Item	as per scale under objection	as per scale suggested by Major Macauliffe & endorsed for that reason adopted in the letter under reply	Difference
	Rs	Rs	Rs

Establishment	842	683	− 159
Preventive Establt for city & Assigned tract	388	398	+ 10
~~Contingencies~~	480	480	~~Nil~~

The following remarks
explain the difference between
the two scales
5 The first item
Water & the salary of the
Supdt Supdtn & has to that
I am to make mention

With reference to the remarks contained in Major Macintosh's tabular statement

I beg to submit that the Special Appointment Salary of £360 was proposed & the raised annual increments till it reached a maximum of £560

2 The second item is Drilling Establishment as to which the details are as shown below

The adopted scale is more favorable & the proposed scale under heads 1 & 2 than the adopted

(Supts Orderlies and

is no office under
item 3 (Guards) The
Main Office is under
4 Pres Establishts &
one Clerk to the Entd
of a Sheristedar on higher
pay than was Entered
in the Dy Cs statement
and of two Anglo Verna
Clerks in addition The
Sheristedar is a responsible
officer who is (as remarked
in Major Macauliffe's
Schedule Book) superior
the work of the Pres Deputy
the absence of the Supts
Comm The man actually
employed was an Head
of the Superior grades drawing
a salary of Rs 150 per mensem
only a part of which was
being debited to the Excise
Dept & the Durbar suggested

That as he is so fully employed in the Excise Office his salary shall be fully debited & that Office with a larger Preventive Establishment for the Assessed Taxes as well as Elsewhere the Office work would considerably increase & more hands would be required in the Office & Use with it And it is only a proportionate Cost of this additional staff that is debited to the Assessed Taxes

The third item is a Preventive Establishment in the Assessed Taxes as to which the debited scale is £388 & the admitted scale is £390 The objected scale is more favorable

2 By your letter No 3229/199-5 of 4th Decr 1886 the terms of which were accepted by the Durbar in subsequent correspondence it was arranged that the proportionate Cost to be borne by the Assigned Taluk should correspond with the proportionate

consumption
of arack in the Assigned
tract The Consumption
was to be taken on an
average of three years
of the proportion once fixed
with regard to such Consumption
was to hold good during
